

CHIRANTHANA

NEWS LETTER JANUARY - 2025

Kalangana Participation:

We are incredibly proud to have participated in the prestigious Kalangana event, which provided a wonderful platform for our children to showcase their talents. This event was not just a performance opportunity but a journey of growth, confidence, and self-expression.

Life Skills:

As part of our commitment to hands-on learning, our students recently participated in a Life Skills Practical on Exploring the Market – an enriching experience that combined education with real-world exposure. This activity was designed to enhance their practical knowledge of buying, budgeting, decision-making, and communication skills.

Block Printing:

Successfully completing a client order is always a moment of pride and fulfillment. It represents not just the hard work, dedication, and attention to detail that went into the process, but also the trust and confidence our clients place in us.

New Branch Open:

The success of a truly remarkable milestone – the grand inauguration of our new center! This event was not just a celebration of growth but a testament to our dedication, vision, and commitment to providing a nurturing space for learning, creativity, and excellence.

Students Learned Basic Cooking:

Students learned basic cooking techniques, meal preparation, ingredient selection, and the importance of a balanced diet. They actively participated in chopping, mixing, and cooking simple yet nutritious dishes, fostering a sense of responsibility and confidence in handling kitchen tasks. Beyond cooking, they also gained valuable insights into hygiene practices, food wastage reduction, and smart grocery planning. It was truly inspiring to see them work together, experiment with flavors, and enjoy the satisfaction of preparing their own meals.

Baking is more than just mixing ingredients – it's a science of precision and balance! We recently introduced our students to the fundamental concepts of baking and measurement, helping them understand the importance of accuracy in creating perfect baked goods.

We're grateful for the wonderful support shown this January! Thank you for helping us continue our mission of empowering special needs adults through meaningful employment opportunities.
