

NEWSLETTER APRIL 2025

Celebrating Achievements, Moments & Milestones Together

Dear Chiranthana Family, The past few months have been nothing short of inspiring! As we journey together through another exciting quarter, we are thrilled to share glimpses of the vibrant activities, achievements, and heartwarming moments that brought joy, pride, and purpose to our community.

April 7th - Visit to Gubbi, Kadaba:

Our team embarked on an enriching journey to the vibrant communities of Gubbi and Kadaba, driven by a shared goal of exploring new possibilities and learning from the diverse experiences these regions have to offer. The day unfolded as a meaningful blend of discovery, dialogue, and connection. At every step, we engaged with local individuals and groups whose innovative practices and resilience offered us fresh perspectives and valuable insights.

April 30th - Exhibition at ITC Gardenia:

Chiranthana had the proud privilege of showcasing its vibrant range of student-created products at the prestigious ITC Gardenia, turning the spotlight on the incredible creativity and talent of our young minds. The exhibition was a celebration of imagination, craftsmanship, and hard work—each item on display telling a unique story of dedication and artistic expression.

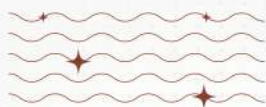

April 19th - Touring Talkies with Rotary:

Our children took to the stage with remarkable energy and grace as they performed Touring Talkies, a vibrant theatrical presentation brought to life in collaboration with the Rotary Club. This performance wasn't just a showcase of acting - it was a celebration of young voices, creativity, and the transformative power of the arts.

April 25th - STEM Workshop with Pavana:

In a heartwarming blend of learning and collaboration, parents and children came together for an engaging STEM session led by the ever-inspiring Ms. Pavana. The atmosphere was electric with curiosity and excitement as families explored the fascinating world of science, technology, engineering, and mathematics - not from textbooks, but through hands-on, minds-on experiences that sparked genuine interest and wonder.

We're grateful for the wonderful support shown this April! Thank you for helping us continue our mission of empowering special needs adults through meaningful employment opportunities.
